Largest Junior High Class Graduates Next Week

The largest eighth grade class in the history of the Lemon Grove School District will graduate Thursday evening, June 14, according to Ben I. Schei, principal at the junior high school. Two hundred and sixty students will be awarded diplomas at traditional ceremonies beginning at 6 p.m. The backdrop area adjacent to the cafeteria on School Lane is the scene for the graduation which features special awards, student addresses, and musical selections.

Each graduate will be permitted three guest tickets. The number is limited because of limited seating capacity. Graduates will not need tickets.

"Leaders Who Helped to Make America" is the theme for the graduation. Students who will speak include Beverly Lebb of 8-2, Donald Schlegel of 8-3, Heather Hunter of 8-5, and Judith Costa of 8-7. The eighth grade girls' glee club will sing and the school orchestra under the direction of Paul Cheatham will play for the ceremonies.

The Rev. Donald B. Cook has been chosen to deliver the invocation. Special awards will be presented by Byron L. Netzel, district superintendent, who will name the outstanding boy and girl scholars from the class. Each receives a \$50 government savings bond from the Lemon Grove Kiwanis.

S. K. Solleder, assistant superintendent, will present the citizenship cup trophy to the boy and girl voted by the faculty as most outstanding in citizenship during the years at Lemon Grove. All these awards are surprise announcements.

Diplomas will be presented to the class by Byron L. Netzel and Bert A. Betts, president of the school board. Ben I. Schei will present the class.

Following the graduation the eighth graders will enjoy the annual class party and dance in the school cafeteria. Mrs. John Dail, general chairman, has announced the time as 7:30 to 10 p.m. The party will be chaperoned by parents and faculty members.

Last Friday the class enjoyed the traditional "beach day" at La Jolla Shores. School buses and private cars transported the boys and girls to the shore, and parents, teachers, and city life guards were in attendance.

La Mesa Lady Sells China Cupboard Fast

Mrs. C. E. Gustafson of 10635 Itamania Place, La Mesa is still getting calls from the advertisement she had put in last week's classified advertising section. What's more she sold her corner mahogany china cupboard to the first person who called on the same day the newspaper was distributed.

"Real results," says Mrs. Gustafson. "It's comforting to know that you can dispose of household items no longer needed by running such a small ad. It costs so little, too."

Mrs. Gustafson is right. Hundreds of people dispose of items, rent houses, buy cars and find jobs through our want-ads. You, too, can profit by them. Call HO 6-4133 for a helpful ad-taker. Just say "charge it."

Youth Center Group 'Out of The Red'

An open meeting was held of Youth Center Control Board at Youth Center, and members, May 29th.

Under discussion was whether the County should have the furniture in the center replaced by new, or renovate the old.

Funds given by the Pow Pow committee several years ago and used for equipment for the center was discussed and it was satisfactorily concluded that the former board had done very well — debts have been paid by the control board and thanks to all organizations who sent donations and bought tickets for the Variety Show, the center is out of the red.

Painting and decorating has been done at county expense and new rentals are coming in rapidly. A janitor comes in several days a week to clean up.

Open meetings will be held in Youth Center quarterly, and Board meetings each month.

Mrs. Perkins, who so ably produced the Variety Show was elected to the board, so was Mrs. Marie Howell, who is publicity chairman.

Thanks were expressed to all organizations for their help in donating and buying tickets.

Miss Kratz Adds Another Title

Connie Kratz, 2161 El Prado, was named "Fire Queen" Saturday night at the annual Lemon Grove Fire Relief Ball. She is already Lemon Grove's "Fairness of the Fair" title holder.

The ball attracted approximately 100 persons. The music was outstanding for an event of this sort. Number dances and drawings brought a score of prizes to visitors.

It was reported that 400 tickets were sold to the affair. The profit, when there is any, is used for firemen relief purposes.

Irrigation District Names Replacements For Manager Shelton

The Lemon Grove, La Mesa Irrigation District Tuesday named two employees to replace M. J. Shelton, district engineer and general manager. Byron Miller, business manager since 1951 was named general manager, and C. G. Watters, Jr., assistant engineer since 1950 was named district engineer. Shelton had held the combined position since 1946.

Miller resigned to accept the appointment of Governor Knight as deputy director of the newly created California Department of Water.

Miller's resignation becomes effective July 1.

Supervisors opened bids for \$439,000 Series A Chula Vista City School District bonds. Two bids were received, one from a syndicate, offering a premium of \$1 and 3% interest, the other from Bank of America, offering \$51 premium and 3 1/4% interest. The latter banking institution got the bonds. County treasurer Delavan, Dickson took the bids downstairs and came back with the announcement that the bank with 500 branches was the better offer, and it was so ordered.

Letter from the surveyor and road commissioner regarding the petition of Walter L. Spooner et al, for the grading, draining and surfacing of Florine Drive and Casa Lane, Lemon Grove, under the 1911 Improvement Act; stating that over 78% of the property owners affected have signed the petition and that the improvements requested are necessary; recommending the installation of curbs as well; and requesting that the board start proceedings and that he be authorized to negotiate easements in advance of issuing engineer's report, there being no public easements at this time.

Form of resolution proposing to institute improvement proceedings and directing preparation of special assessing investigation report. (Prepared by county counsel.)

The department of public works submits two sewer easements for acceptance by the Spring Valley Sanitation District. (Approved by county counsel.)

Letters from the director of public works recommending that the county purchase 40 acres in Section 18, instead of 40 acres in Section 13, as a site for the San Marcos-Esccondido sanitary fill operations, for various reasons as set forth in his report. The board ordered \$200 paid for an option of the Section 18 property.

Hearings on Lower Area Electric Rates Recessed

Hearing on electric rates in Lemon Grove-Spring Valley and other areas has been postponed until August 1st by the California Public Utilities Commission.

Hearings were conducted two days last week at the S.D. Chamber of Commerce on its proposed four zone rating system. At present, rates are based on whether or not the user is in an incorporated or unincorporated area.

One examiner PUC'er Manley Edwards was asked to disqualify himself because of possible prejudice for rate zoning. He gave favorable testimony as staff member in similar hearings. It was charged.

Edwards claimed his testimony was based on the record rather than bias.

Under a zone rate arrangement Lemon Grove and Spring Valley would enjoy the same electric rate as the City of San Diego. This area now has a density of 71.4 customers per mile of distributing wire. Average usage has been 266 kilowatt hours and the average bill is \$6.49, according to the SD Gas and Electric November Rate Zoning Study.

An area resident would, for example, pay \$3.57 for 100 kwh under the present schedule if the four zone rate were now in effect. The rate presently is \$4.48. The savings would be 91¢ on 100 kwh.

Last week this newspaper erroneously used this schedule to ascertain what the savings would be for each user based on the area's 200 kwh average. Instead of the savings doubling with the doubling of use, it levels off.

San Diego pays \$5.77. We now pay \$6.78, a difference of \$1.01. Thus the reduction would be about 15%.

David Bird, County Supervisor reported last week that the staff of the utilities commission would recommend the four zone rate system which would automatically reduce rates in this area.

Fire Budget to Hold Line on Tax Rate

Budget hearings will be conducted at the fire house Thursday, June 28 to adopt final budget for fiscal 1956-57 operational expense request. Chief Harold "Pappy" Hensley said that the rate was 52¢ last year and the commissioners had placed a 50¢ floor and a 53¢ ceiling on the department this year. Hensley asked \$62,326 for operating expense. Last year he had \$54,822.

The department carries nine full time and eight part time employees. It owns and maintains four pieces of equipment.

Commissioners are Channing P. Mason, chairman, Tom Parsons, secretary and Alfred Ruolo, member. Meeting starts at 8 p.m.

Grove Merchants Plan 'Complimentary' Days

Lemon Grove Complimentary Days, a special event, will be marked locally on June 29, 30 and July 2. It was announced this week by Ted Skelley, projects chairman for the Merchant's Division of the Chamber of Commerce.

Actually the event will get underway Thursday June 28th with a preview and pre-sale event. This is the extra "complimentary" day by which the event got its name.

A similar event held early in May was tabbed extremely successful by participants.

Koop Advanced to Veep of First National Bank

Promotion of Jack W. Koop to vice president by action of the board of directors of the First National Trust and Savings Bank of San Diego has been announced by Anderson Borthwick, president of the bank.

Koop, manager of the bank's Grove branch, was associated with the California Savings and Commercial Bank of San Diego prior to joining First National as a bookkeeper in 1930.

Locally he is well known for his example of service to the community in connection with civic organizations. He has served as a director of the Lemon Grove Kiwanis Club, vice president of the Lemon Grove Chamber of Commerce, secretary and treasurer of the East San Diego Chamber of Commerce and also holds membership in the Lemon Grove Business Men's Club and Mt. Helix Hi-12 Club.

A native San Diegan, he has attended local schools and was awarded Pre-Standard and Standard certificates from the American Institute of Banking. During World War II he served four

I for one am glad to see grocers stiffen their spines enough to make a token charge for an expensive service they had historically been giving free of charge. Beginning this week markets are invoking a service charge of 10¢ for check-cashing. This amount, I can assure you, will not nearly cover the check-cashing costs of any grocer.

Their theory is right but the procedure is wrong. I think the charge should be greater, but it should be made against the firm issuing the check, rather than against the individual. Check writing firms would resist this charge, naturally, so the markets probably could not collect. Neither do I see how such a charge could be collected at court should the procedure be attempted, but in my opinion, such a charge would be morally justified. The obvious danger is that the whole check-cashing system would bog down if checks could only be cashed at banks and only by persons to whom the checks were issued. An alternative would be for the firm with employees to pay by cash or install their own check cashing department, but they wouldn't do this because of the expense involved... all of which brings us to the point: high check cashing costs.

Most of us are familiar with the pre-pay plan on the issuer of personal checks. You pay \$2 for a book of 20 checks and keep writing until you run out of dough or checks, whichever comes first.

BUSINESS PAYS TOO
For your information, business firms have a somewhat similar arrangement. It is called "service charge" and banks bill the depositor varying amounts depending upon checks issued. A small business like ours pays \$8 to \$10 a month which we think is reasonable. But bear in mind that the bank is set up and in business to handle checks and banking matters. This confirms that it is expensive for a firm which is set only to sell groceries and sell them at competitive prices, to perform specialized services beyond the field of their basic endeavor.

Another interesting facet of this project is that several years ago markets tried to convince banks that they could give the service free of charge. The banks agreed to co-operate but discounted the theory that it could be handled without charge to the market's patrons.

Let's see what expenses are borne by a market to give check cashing service. First, it must set aside a section for this purpose if it is a large operation. This takes out of use this amount of floor space in a business where cost of doing business is reflected in total floor area within the building walls. Theoretically, that space could be used for selling eggs, or Wheaties instead of contributing to the firms writing the checks.

Then there is an attendant. This certainly costs \$10 a day minimum on an eight hour service basis. Twice that if this service is rendered on a full day's schedule. In addition, the market, as we do, pays the bank a service charge based on transactions. Each time he makes a deposit his cost rises. Often, the expense (Continued on Page 6)

Mayfair Market Entered, Jewelry Section Robbed

Thieves broke into Mayfair Market Sunday night by breaking a plate glass window in the front of the market.

Vaughn Lerwill, who operates a jewelry concession in the market, reported that the intruders had ransacked his showcases and his losses would approximate \$1,900.

Evidently frightened off, the burglars left behind a box containing \$76 worth of meat, and another box loaded with coffee, beans (pinto) and potatoes.

They damaged two safes in Mayfair's office but neither was near being opened. Other than damage and destruction the market suffered no loss.

The entrance was reported by Eddie Morgan, temporary manager of the market. It was the first day of his work in that capacity. Larry Childers, the permanent manager, was absent for the first time that day as he commenced a two weeks' vacation.

"They threw a curve at me by breaking in the first day I was

ADMINISTRATION BUILDING WILL REMAIN IN LA MESA

The El Cajon Valley Chamber of Commerce withdrew its objection to locating a proposed new administration building for the La Mesa, Lemon Grove and Spring Valley Irrigation District in La Mesa. The chamber of commerce advised the board of directors of the district Tuesday morning that it considered the choice of the proposed site in the La Mesa Civic Center "undoubtedly a wise one."

The chamber of commerce had asked the board of directors to delay further action on locating the office in La Mesa to permit El Cajon Chamber to study possible locations within the district which might be more centrally located and at a comparable cost.

Legislature Changes Method of Electing School Board Members

Office of the superintendent of schools, San Diego County, began Monday the official canvass of returns of the governing board member elections held in May in 50 of the county's school districts. Seventy-three vacancies will be filled as a result of these elections. An official list of successful candidates will be announced when the canvass is completed.

The 1955 session of the legislature changed the procedure for electing members of governing boards of school districts and placed most of the responsibility of conducting these elections on the county superintendent of schools. Under the new law the county superintendent calls the election, posts and publishes the notice, orders and delivers supplies and election equipment, accepts applications for absentee ballots, and canvasses the returns.

As provided for by the new law, local governing boards are still charged with the responsibility of (1) determining if the district is to be precinct and setting the boundaries of each precinct; (2) determining the location of the polls and the hours the polls will be open; (3) appointing the election officials and providing payment for their services; and (4) deciding if sample ballots are to be mailed to the voters of the district.

Taxes Higher? Taxpayer Now Pays for 367 Services

Editor's Note: This is the final article prepared by the State Association of County Assessors on the duties of your county assessor and the services available to you through his office.

The total of all assessable property constitutes the tax base and is one of the major sources of revenue for meeting the costs of local government.

In addition to the tax levies set the various budget-making bodies, the county receives funds from other sources such as state and federal grants for welfare, county roads, motor vehicle license fees, payments in lieu of taxes on some federal housing, health and health centers.

Other sources of revenue are license and permit fees, fines and penalties, rent and sale of properties, and certain fees collected for special and specific services performed by governmental agencies. All of these sources, plus the revenues from the property tax, are considered when the budget-making bodies determine the tax rates.

The questions that come up before the assessor—as before all other governmental representatives—are, "Why are my taxes higher?" and "What do I get for my tax dollar?"

Because of the unprecedented increase in population and additional services that must be supplied to our growing and developing California areas by all branches of government, the cost of doing government business has increased just as anything else. The government buys in the same channels as you do, patronizing local merchants and local labor markets.

In 1850 the number of California state services totaled 14. In 1860 another 25 were added; in 1911 alone there was an increase of 118 and between 1925 and 1935 there were 116 more legislated into existence.

The total of separate, distinct governmental services to the taxpayers now has reached 367.

The costs of home building and real estate have increased over the years, and with the full cash value assessment rule, the chances are that your property has increased in value and sales price which the assessor must follow. In one California county today if a property is assessed at \$2,200 the 1955-56 tax bills against it

will total \$134.08. This figure is made up of \$50.38 for schools; \$37.40 for the city; \$44.32 for the county and \$1.98 for the water authority. In 1947-48 the levies were: schools, \$41; city, \$42 and water authority, \$3, a total of \$128.00.

If the property in this same county is valued at \$2,500 on the assessment roll, the figures today are: schools, \$57.25; city, \$42.50; county, \$50.56 and water authority, \$2.25, for a total of \$152.56.

For the money paid to the city government, the taxpayer gets police and fire protection, health protection for the food he buys for his home or in restaurants, park maintenance, recreational facilities and many other services.

The county funds go to pay for services of the sheriff's office, health, legal aid from the district attorney's office, protection of the courts, maintenance of the county jail and he helps care for the aged.

The school levy goes toward kindergartens, grade and high schools and junior high schools for his and his neighbors' children. Much of the school revenue comes from sales taxes which the local taxpayer also pays.

It is the considered opinion of government officials and economists that the American home owner today gets more for his tax dollar than any other dollar he spends.

These questions and answers, though not strictly in the realm of the assessor's duties, are considerations that constantly are before the assessor and his staff. Any taxpayer in the state will find his county assessor willing to assist him and explain the functions of his particular office and other matters of government operation and expenses with which he is familiar.

Need for More Profession Personnel Is YMCA Problem

The need to recruit and train more professional personnel was a major concern of the recent 1956 YMCA National Council meeting in Boston, according to William C. Poirier, county YMCA general secretary and YMCA national council member on his return recently.

The number of YMCAs in the United States have increased to 1,820. As a result of general growth there are many vacancies. Milwaukee, Wisconsin YMCA after a seven and a half million dollar building program now needs to increase its staff from 26 to 40 in one year. The YMCA of Cleveland, Ohio, is completing six new buildings.

Through YMCA colleges, new scholarship funds, and training conferences YFCAs are seeking to meet the new demands. Personnel policies are being studied to make the field better known and increasingly attractive. Other considerations of major importance related to expansion of the organization and its services. Col. Clifford Gregg of Chicago was elected the new national council president.

On his return trip Poirier visited YMCAs of Cleveland and Chicago and at College Camp at Lake Geneva, Wisconsin. He noted a country-wide growth and interest in YMCAs.

KEEP CAST DRY—A plaster cast on a leg presents a bathing problem. If you pull a large plastic bag over the cast and then wrap a thick turkish towel around the top, you can take a shower without damaging the cast.—Town Journal.

Local Wholesale Firm Holds Open House

The A. J. Long Co., 3570 Olive—southwest corner of North avenue, in the building recently purchased from another Long Co., which has moved to El Cajon—held open house on Monday and Tuesday.

The A. J. Long Co. are wholesale dealers in gift ware and glassware. The large display room had a fine showing of glassware and gift articles sold in gift shops and liquor stores in San Diego county, Arizona and as far away as Las Vegas, New Mexico. This territory is covered by two traveling men.

Mr. Long started this business in 1950 in his garage, moving into larger quarters on Broadway when the garage became too small. The move to Olive and North Avenue location took place a couple of months ago, and the supply of goods has been arranged but not entirely completed since that time.

The new location will provide room for further expansion. Four hundred buyers for gift shops were invited to the opening, and Monday and Tuesday of last week were busy days, with autos parked in front of the building and the display room crowded with buyers selecting assortments of the many handsome articles on display, with all the latest ideas of manufacturers available.

Mr. and Mrs. Long and their three children live in Lemon Grove. Mr. Long has shown his faith in this community and his interest in its advancement by investing in improved business property. He is a member of the Lemon Grove Men's Club

and Mrs. Long is vice president of L. G. Parent-Teacher Association.

In addition to his local interests Mr. Long owns the Carrousel concession in Balboa Park, which has been a paying proposition for many years. The price of rides, five cents, has remained the same, though similar attractions in other cities have raised their charges for rides to 15c, and abolished the brass ring, which still remains at Balboa Park, and is enjoyed daily by hundreds of youngsters. The thrill of getting the brass ring is something never to be forgotten. This reporter still remembers the thrill he got when he grabbed the brass ring and got a free ride in Central Park, New York City, 65 years ago.—D. H.

TIPS

From our Amana Headquarters in Lemon Grove

1. Left-over coffee may be frozen to use in mocha desserts; as the liquid in spice cakes, and for coffee sauce for desserts.

2. Use cooked vegetables in a thin cream sauce to serve with an omelet.

3. Sandwiches left over from a party? Then freeze them until the day you need a quick lunch. Brush with melted butter and bake on sandwich grill. Even better than before.

4. A trained representative will be available to help YOU with your Amana or Food Plan needs.

THE ART SET

by Maxie Palette

Tom Colby, a former Detroit Paint bigwig who bought a big hunk of Fauna Valley near Rincon Springs and built a thriving enterprise called the Lazy H Sky Ranch, unveiled the club's annual Palomar Art Exhibit last week.

More than a score attended the press showing and preview at the sprawling 50 acre club and they were impressed with the variety and calibre of the showings.

A club as exclusive as Colby's naturally would restrict the number of exhibitors. "We only asked the best," Colby and his wife said.

NATIONALLY KNOWN

Top exhibitor was Olaf Wieghorst whose home is El Cajon. Wieghorst a Dane, paints Indians and Western scenes, cowboys and horses. He collects up to \$3,000 a picture and his work sells as fast as he can produce it. The exhibit he had at Lazy H was so new the paint was still tacky. Much of his work goes to New York to hang in the Grand Central Academy. Wieghorst paintings hang in the homes of such latter day cowboys as Roy Rogers and Gene Autry. Paul Whiteman is a patron of the artist. Wieghorst is a member of the Foothills Art Association in La Mesa.

THE BIG TOP

For sheer excitement in vivid color the nod at the Lazy H went to George Thackeray, a happy, personable young man who operates a picture framing business on Fourth Avenue in San Diego. He had an exhibit of clowns of radiant hue and nearly every one of them was blessed with a resplendent red nose. He says that most of the famous big-top clowns have posed for him. "I like to follow the trends," Thackeray said. "For a while it was bullfighting, later came clowns and now the trend seems to be toward ballet so that's the field I'm working in now."

KNIFE ARTIST

Other displays included some unusual work by John Hilton of 29 Palms who uses a knife rather than a brush to apply the color. His scenes generally carried a brilliant orange tinge. Marjorie Reed of Julian had an exhibit highlighting early western stage coaches.

Frederick Colby, the host's brother had a display of "Lucifusions"; Amy Dittly Brown of San Diego showed scenes with unusual depth; Jim Grey of Escondido showed plaster forms and Edith Purer, a prize winning artist offered Escondido landscapes.

In all, it was a pleasant successful show. The press, patrons and artists enjoyed it.

SAN DIEGO CHAMBER OF COMMERCE PLANS JULY ART FIESTA

The artists will be in appropriate costume for the Art Fiesta. Several ladies of the Old San Diego Chamber have been appointed "Gracious Greeters," they will be dressed in authentic Spanish costume and their function will be to meet and greet our visitors. Colorful music will be provided.

Harold J. Powers, California's lieutenant governor, and Mrs. Powers will pay a return visit to the Crown City to take part. Rear Admiral A. B. Vosseller, USN, commander Naval Air bases, 11th and 12th Naval Districts, will be grand marshal. A. E. (Bob) Howell of Lemon Grove will be parade marshal.

Riders and mounted units from all sections of Southern California have filed entries. Also in line will be floats, bands, drill teams, baton corps and novelty entries, among them Robby Robins of El Cajon riding his parade-trained Hereford bull.

Color guards will include the La Mesa Tumbleweeds, the Rolling Oak Riders of Chula Vista, the Balboa Mounted Troop of San Diego, the Bar-O-Color Guard of San Diego, the Escondido Valley Riders, the Lakeside Frontier Riders and the El Cajon Pinto Riders.

There will be a water ski show in the afternoon on Glorietta Bay staged by the San Diego Speedboat Association and a helicopter rescue by the U. S. Coast Guard. Coronado's second annual Horse Show, sponsored by the American National Horse Shows Association Inc., will be held on Sunday, July 8.

(Continued)
of an armored car is required. The grocer usually has to borrow money at 6% for weekend check cashing. Few are financially willing or able to carry the burden of surplus funds since should there be a surplus, this could be converted into discounts at the distributor's level.

Then, by carrying the added cash, additional insurance and bonding must be paid for. Protection facilities and alarm systems must be installed or strengthened to protect these funds.

BAD CHECKS

By and large I suspect that the greatest expense to the markets is the "bum check" hazard. It doesn't take many uncashable checks to make the cost of doing business astronomical.

This service is expensive to market operators but they seem to want to continue giving it even though the ten cents a check service charge does not cover their actual check cashing service costs.

What really got the grocery industry agog was the closing of banks on Saturday, that being the only off day many employees enjoyed. The check cashing total jumped dramatically and has continued to grow as grocery check-cashing habits grew. It has increased another 25% during the past few months, say spokesmen for the grocery industry.

I think it valiant for grocers to attempt to satisfy the banking needs of their patrons. It would only be fair for banks to consider giving premium stamps.

LUTHERAN CHURCH MEMBERSHIP INCREASED BY THIRTY-TWO

Thirty-two persons were received during membership Sunday at Lemon Grove Lutheran Church. Pastor H. C. Bakken baptized seven children and three adults, confirmed eight adults and received fourteen by letter of transfer.

Children baptized were Christine Marie Detrez, David Broderick Detrez, Mary Lou Jurgensen, Thomas Langpap, Terrill Richard Luitjens, Glenda Diane Luitjens, and Leslie Ann Manning.

Adults were Mrs. Ora Black, Mrs. Helen Eddy, and Mrs. Elmer Orr.

Confirmations: Mr. George Buettner, Mrs. George Buettner, Mr. Clarence Eddy, Mr. Vernon Langpap, Mrs. Janet Langpap, Mrs. Virginia Luitjens, Mr. Harold Orr, and Miss Mayme Patzoldt.

BROADWAY & OLIVE LEMON GROVE

Men's Club Taken for Rocky Ride Over Broadway

The Men's Club Friday was taken for a rough and rocky ride over Lemon Grove's economic life-line, a widened Broadway, by Jackson Ammons, local realtor, and Harry Griffen, chairman of the Broadway Improvement Association.

The men took separate routes but arrived at the same destination, to use a pardonable metaphor.

Contention between the two speakers was on cost per front foot of the project but both men agreed the project was vital to the continued business growth of the community.

The meeting, held at Michael's was a panel-type discussion and the two men met head-on immediately on the footage of the project. Griffen had paid privately an engineer to run the line and claimed the distance to be 12,035. Ammons, with the aid of a map and ruler, read 11,600.

Ammons insisted that the state and county should make the improvement and Griffen responded that Broadway widening is project number 10 and the road department averages one project a year. "Ten years from now will be too late to compete with the College-Grove Center," he said.

Ammons held that the streets should be widened by the county to 62 feet by gas tax money. "Same as the county widened Skyline."

Ammons, with a blackboard full of figures, said the cost would be \$46.40 a foot to Broadway property owners if they donated the right-of-way.

County road department's acknowledged share is:

Right of way	\$163,500
Cross Drains (50%)	30,000
Paving	151,000
Traffic signals	25,000
Engineering	18,000
TOTAL	\$387,500

Ammons said figures showed the property owners would pay:

Right of way	\$240,500
Lighting	50,000
Moving buildings	77,000
Cross drains (50%)	30,000
Move telephone poles	20,000
Storm drains	81,140
Paving	210,000
Engineering	36,000
TOTAL	\$744,640

This total would be reduced to \$531,240 if rights-of-way were donated, Ammons said.

Ammons said the county owns a 50 foot right of way for 3,600 feet and a 75 to 80 foot right of way for the remainder. Acquisition of nine feet on each side along the 3,600 feet would permit a 62 foot road between curbs and a three foot sidewalk on each side. This would provide four traffic lanes and parallel parking. If this is done out of gas tax money it needn't cost the property owner anything. Then, if it is wanted, a lighting district

could be formed, Ammons said. He also charged that storm drainage is a joint county-state responsibility. "Highway people are quick to rush to some remote spot to put in storm drains but they have neglected Broadway. It was a problem before the county turned it over to the state and it should be solved jointly by these agencies."

Griffen conceded that the county figures made the total cost too high. "We've got to start somewhere," he said. "We started by asking the county agencies to submit these uncontested figures on a project which would be the ultra in perfection."

"We asked for figures on a 150 foot wide sweep with curbs and sidewalks and parking area on each side, with a separation from the main thoroughfare, ornamental lighting and utility poles on alley lines."

"Now let's realize that this plan is in the preparation stage, that costs have been estimated without the plans to guide on, and

Grove Mother to Have Lead in Play

Mrs. LaTour

Luana LaTour, housewife, 1978 Ensenada and mother of three-receives lead in "Grand Prize," the first presentation of the Lemon Grove Theatre Guild June 29 and 30. Mrs. LaTour began acting in St. Joseph, Missouri, at the age of four, when she obtained her first speaking part. At that time her father, Kenneth Snoderly of Lemon Grove, was acting in a stock company and her mother was modeling ladies' hosiery, from the knees down, in a department store window.

Luana has appeared in many dance recitals and waited away with many prizes and awards. She was cheerleader and basketball queen during high school.

She will be remembered for her portrayal of Lucille Cotton in "Grand Prize."

Pirate Gives Away Ten Pairs of Shoes

The roving pirate (female variety) you saw roving Lemon Grove's streets last week was the one sponsored by L. G. Department Store.

She was handing out, keys which were to be tested on a "treasure chest" at the store.

Each key that opened the chest was awarded a pair of summer casual shoes. Ten such keys turned up among the approximately 500 which were tried.

"It was a successful promotion," reported Dick Paden, store's executive.

Pony League Off To Good Start

By CLINTON LEEP

The Lemon Grove-Spring Valley Pony League opener last week was a thrilling success and I am sure everyone enjoyed watching our boys play ball. At 1:30 p.m. each team lined up on the field with their manager and coaches and were introduced in their sponsor's name by the players agent Fred Griffith over the public address system. A salute to the flag followed and the first game of the season was under way with the Lemon Grove Sporting Goods defeating the S & M Sporting Goods 9 to 2. In the second game the Lemon Grove Merchants won over the U. S. National Bank 12 to 5.

Approximately 250 people attended both games with about the same number May 30, which was another exciting double header with the first game won by the U. S. National Bank over the Lemon Grove Sporting Goods by 16 to 5. The Lemon Grove Merchants won over the S & M Sporting Goods 11 to 4 in the second game, making the Lemon Grove Merchants the only undefeated team in their first two games.

The boys are all showing good sportsmanship whether they win or lose and in the final outcome is the greatest asset. Each team will have its ups and downs, and it is too early to predict which team will be on top at the end of this series with the first half ending June 30.

On June 2 at 1:30 p.m. the U.S. National Bank vs. the S & M Sporting Goods and the Lemon Grove Sporting Goods vs. the Lemon Grove Merchants being played at the Lemon Grove Junior High. On June 5 the Lemon Grove Merchants vs. U. S. National Bank at the Spring Valley Junior High at 5 p.m. On June 7 the S & M Sporting Goods vs. the Lemon Grove Sporting Goods being played at Lemon Grove Junior High at 5 p.m. Then on June 9 another double-header at the Lemon Grove Junior High starting at 1:30 p.m. with the U. S. National Bank vs. the S & M Sporting Goods and the Lemon Grove Merchants vs. Lemon Grove Sporting Goods.

New Doctor to Open Office in Grove

There's a new doctor coming to Lemon Grove, and a pretty one, too. She's Virginia Malcolm, M.D. mother of four and wife of Dr. David Malcolm, a doctor of philosophy specializing in teachers' training at San Diego State College.

Her children are Bonnie, 10; Mary, 8; Judy, 6 and Scotty, 4. Dr. Malcolm, the physician that is, will open offices at 7610 Pacific Monday and will specialize in the practice of general medicine and pediatrics.

She has been associated with the Complete Service Bureau for 1 1/2 years and prior to that she served the Milwaukee Health Department in Emergency Service.

Mrs. Malcolm graduated from Marquette University and studied medicine at Columbia U., both being in Milwaukee. She said her office hours would be 3 to 5:30 Tuesday, Thursday and Saturday and 7 to 9:30 p.m. Monday, Wednesday and Friday.

George Loveday Passes at 64

George B. Loveday, 64, 2286 Cypress Avenue, a certified public accountant here for 16 years, fell dead Thursday of a heart condition while fishing in the High Sierras.

He is survived by his wife Marguerite as well as several brothers and sisters who do not live in the Lemon Grove area.

A life member of the Hamilton, Ontario, Masonic Lodge and of local Scottish Rite bodies, Loveday was active in Al Bahr Shrine activities here.

Services were held at Bonham Brothers followed by interment in Hamilton.

Mrs. Brady Honored By Jr. High PTA

Mrs. E. F. Brady, president of the Lemon Grove Junior High PTA for the year 1955-56, was the honored guest at a luncheon Tuesday noon at the Foothills Restaurant.

Members of the executive board presented Mrs. Brady with a gift as a token of their appreciation and gratitude for her service during a very successful year. Although her term as president is ending she will continue to serve the unit as budget and finance chairman for the coming year.

Announcement was made by Mrs. Charles Taylor, president for 1956-57, that there will be an executive board meeting Tuesday, June 12 at 7:30 in the home economics room at the school.

**WOMAN'S CLUB JUNIORS TO SPONSOR
LOCAL JUNIOR JOBS PROJECT**

Lemon Grove has joined the parade of places where juniors who
want jobs may register for employment.

Mrs. E. L. Kepner, 7415 Mt. Vernon Street, has volunteered to
serve as a registrar of junior job-hunters. Her telephone is HO 9-
4330 and all junior job-hunters are invited to register with her, by
phone or in person. With sum-
mer vacation coming along in a
couple of weeks, most youngsters
of both sexes are anxious to have
something to do for the couple of
months of no school, and this idea
of finding jobs for them seems
to solve the problem for both
householders and youths.

Boys and girls aged 13 to 16
may register for odd jobs with-
out having to get a work per-
mit.

Boys may register for yard
work, lawn cutting, car washing
or any other work that needs to
be done. Girls may register for
baby-sitting or any other domestic
activity where occasional help
is needed by housewives who
"carry the banner" through the
year.

Dorothy Nottingham said this
week that the project would be
sponsored by the Woman's Club
Juniors.

Mrs. Kepner, when interviewed
by a REVIEW reporter, ex-
pressed surprise at the interest
taken by so many people in hav-
ing the young folks employed
gainfully during the summer vaca-
tion. "It will not be too much
District."

Each bid shall be accompanied
by a certified or cashier's check
or bond secured from a surety
company satisfactory to the
Board of Hospital Directors of
said District, the amount of
which check or bond shall not
be less than 10% of said bid
made payable to the order of the
GROSSMONT HOSPITAL
DISTRICT, said check or bond
shall be given as a guarantee
that the bidder will enter into a
contract if awarded the work,
and will be declared forfeited if
the successful bidder refuses to
enter into said contract after be-
ing requested so to do by the
Board of Hospital Directors of
said District.

The successful bidder will be
required to furnish a labor and
material bond in an amount
equal to 50% of the contract
price, and a faithful performance
bond in an amount equal to 100%
of the contract price, said bonds
to be secured from a surety
company satisfactory to the
Board of Hospital Directors of
said District.

The said Board of Hospital Di-
rectors reserves the right to re-
ject any or all bids and/or waive
any irregularity in a bid.

ANNOUNCEMENT

Starting Monday, June 4th

ALL MAJOR RETAIL FOOD STORES

CHARGE 10¢ TO CASH CHECKS

CHECK CASHING is a service provided for customers, according to each store's policy, upon presentation of proper identification. The cost of this service has increased so sharply that it is no longer possible to absorb this expense.

Rather than stop this useful service altogether, a fee of 10c per check (which does not fully cover the actual costs) will be charged

**CHECK-CASHING COSTS ARE
HIGHER BECAUSE:**

1. Banks are now closed on Saturday, greatly increasing the number of checks cashed by stores.
2. Food stores cash the majority of these checks, and this trend is increasing.
3. More store and office employees are required to process these checks.
4. Retailer's costs have also increased because of higher bank charges, armored car charges, and greater insurance costs.

L. G. 4-H Awarded Four Ribbons at El Cajon Fair

San Miguel 4-H Club, which means Lemon Grove, with headquarters at R. A. Knapp's residence on San Miguel Avenue, next east of San Miguel School, had five entries in El Cajon Show last week and came away with four ribbons.

Tommy Kinnersley was awarded the red ribbon for senior bucks in rabbits.

Sheep entries: Breeding ewes, Shields Cosby awarded a blue ribbon and her brother Mike Cosby got the red ribbon.

Heavy fat lambs: Dennis Tristram, red ribbon.

Mike Jacquith, fourth place. Lan Jacquith, sister, fifth place. Forty five lambs were entered.

Showmanship: Mike Cosby awarded third place, Dennis Tristram fifth place.

The showmanship awards are based on preparation and condition of the animal shown, grooming and care of equipment. Mike's entries showed good care and careful grooming.

The El Cajon show was well attended, and had many fine entries.

The young entrants were numerous, and provided plenty of competition for the judges. It is expected that all animals will be entered in the county fair, which will be tops, with entrants from all parts of the county competing.

The 4-H Clubs are sponsored by the department of agriculture and experts in various animal-raising are available with advice on matters pertaining to animal husbandry. The training the young people get in raising and caring for their projects, having the responsibility of daily feeding and all that goes with raising an animal purchased with their own money, build character, and is proving an important factor in building responsible citizenship.

MONTEREY HEIGHTS GIRL SCOUTS NEW CHORALE IS SPONSORED BY M. H. NEIGHBORHOOD CLUB

The Monterey Heights Girl Scout Choral made its final appearance of the season when they sang at the South of Broadway Business Men's Association luncheon recently at the Hotel San Diego.

The choral was organized during the winter to be a part of the scouting program with a two-fold purpose: to help enable the Girl Scouts to earn their music badges, and to teach them songs to use in the troops, or to give pleasure to others as the choral

offered a "good turn," musically, in formal programs. The choral is sponsored by the M. H. Neighborhood Club, organized and directed by Sue Scott Spisak. Recently a business manager, who also is serving as accompanist, has been acquired. She is Mrs. Imogene Keifer and may be contacted at HO 6-7400.

Girls singing at luncheon were, left to right, first row: Sidney Hersch, Connie Butcher, Sandra Beardsley, Patricia Johnson, Carol Thumberg, Karen Siogren.

Second row: Sandra Payne, Diane Lvitjens, Sonda Spisak, La Vonne Hicks, Nancy Boyd, Anna Cordoza.

Third row: Signe Smith, Sonda Vitale, Patricia Bostwick, Marilyn Weimer, Gloria Harkey and Mary Lou Windberry.

Fourth row: Carol Foster, Charlene Craig, Carol Buckner, Barbara Moe, Joyce Lusk.

Adults who accompanied choral: Mrs. Stanley L. Moe, Mrs. Leo H. Boyd, Mrs. Harold Hersch, Mrs. Charles B. Spisak and Mrs. William E. Kiefer.

FAMED SET DESIGNER RETURNS TO LA JOLLA PLAYHOUSE

John Blankenship, whose sets received rave notices last season at La Jolla Playhouse, has signed to return as set designer for the forthcoming 10-week season opening June 26th.

Playhouse sets last summer were Blankenship's first important west coast work. In the east he designed sets for a number of plays both on and off Broadway including "Angel in the Pawnshop" and "The Long Watch."

He also designed opera sets for the world famous Berkshire Music Festival at Tanglewood, Lennox, Mass.

Season tickets for this tenth season of professional summer theatre are now on sale to the general public by mail order only until June 16th when both the La Jolla and San Diego box offices open. Subscribers for the season receive a 10% discount on the cost of tickets. Five plays will be presented during the summer and tentative plans indicate this will be the most brilliant season in Playhouse history. Outstanding stars new to La Jolla are scheduled to appear in his shows as well as some old La Jolla favorites. Announcements of some of the bills will be made in this newspaper soon.

Former Newspaper People Are First Time Parents

Hal Lenox, 3550 Corona, former photographer for the Lemon Grove REVIEW, is passing out cigars for the first time. He and his wife, the former Alice Burrus, are parents of a 7 pound, 4 ounce baby boy whom they have named Hal, Junior.

The couple met and married while both were working for this newspaper.

The youngster was born May 10 at Mercy Hospital.

Hal, now a telephone installer for the Pacific Telephone and Telegraph Co., attracted ardent attention in January when he saved the life of a Lomita Village lot who was drowning in the bathtub. Lenox' quick thinking is credited with saving the child's life when he heard the youngster moaning and crashed through a door to make the rescue.

Grandparents are Mr. and Mrs. George Lenox of 7545 Pacific Street.

ENCANTO Y-W WIVES SCHEDULE SUMMER ACTIVITIES

Registration for summer classes in the Encanto Y-Wives club will be held June 14, 9 a.m. to 3:30 p.m., at Encanto Recreation Center.

Classes to be offered for the summer months in the YWCA program include figure control, copper and leather work, ceramics, beginning and advanced hula, knitting and general sports. A luncheon at noon with special events of interest will be a feature of each class day.

Summer classes will be held June 28 and each Thursday. While mom enjoys her classes, her youngsters will enjoy a day of their own. Toddlers will be well supervised in a nursery playground and school-age youngsters will take part in playground activities.

Five other YW-Wives clubs in various community areas also are scheduled for the summer months. The San Diego YW building will offer a broad program of classes for girls 6 years through high school: included in their schedules are swimming, charm, modern dance, ballroom, tennis and sports.

Information concerning Encanto YW-Wives as well as all YW-CA activities may be obtained by phoning the San Diego YW-CA Activity Desk, BE 9-0355.

DISTRICT TAXES SHOW FEW DELINQUENTS

13.73 per cent of the La Mesa, Lemon Grove and Spring Valley Irrigation District tax levy in the original district area remained to be paid, Carl Mehl, district tax collector, advised the board of directors Tuesday morning.

Within the boundaries of the El Cajon annexation, the uncollected balance was 32.20 per cent. Mehl said that he expected both areas to have no more than normal delinquency by the time the deadline for the payment of the second half of the tax bill arrives on June 25.

Total levy in the original district was \$280,291.30, and in the El Cajon annex, \$135,266.57. In the El Cajon annex the levy includes an amount to pay the bond service on the \$2,300,000 bond issue voted by that area to build its distribution system.

LOCAL MAN GETS COLLECTION AGENCY CERTIFICATE

Sacramento (Spl.)—Carl Harold Rafferty, 1810 Eldora, has been awarded a Collection Agency License following a recent examination, according to Secretary of State Frank M. Jordan.

Seventeen licenses were issued through the state at the same time.

\$456 GIVEN TO CANCER DRIVE LOCALLY

Lemon Grove and Spring Valley residents have contributed \$456.75 to the San Diego Branch, American Cancer Society, in the present crusade for funds with which to fight the disease.

This announcement was made today at the local branch by G. V. D. Jones, county crusade chairman and Kenneth Conrad, unit chairman, who said the amount is in excess of contributions from the area in past years. Lemon Grove contributions totaled \$353.75 and Spring Valley, \$103.

"This year, Lemon Grove and Spring Valley were combined in our county organization," Conrad said. "Consequently, it is impossible to make an actual comparison with previous years, but the combined figure presents an excellent showing."

Although many county units are ahead of 1955 in their contributions toward the \$114,490 needed for education, research and patient care, the overall goal has not yet been reached, Jones said.

Former Newspaper People Are First Time Parents

Hal Lenox, 3550 Corona, former photographer for the Lemon Grove REVIEW, is passing out cigars for the first time. He and his wife, the former Alice Burrus, are parents of a 7 pound, 4 ounce baby boy whom they have named Hal, Junior.

The couple met and married while both were working for this newspaper.

The youngster was born May 10 at Mercy Hospital.

Hal, now a telephone installer for the Pacific Telephone and Telegraph Co., attracted ardent attention in January when he saved the life of a Lomita Village lot who was drowning in the bathtub. Lenox' quick thinking is credited with saving the child's life when he heard the youngster moaning and crashed through a door to make the rescue.

Grandparents are Mr. and Mrs. George Lenox of 7545 Pacific Street.

If we don't have what you want — We'll Get It!!

The entire Lemon Grove Rotary program was handled by Junior Rotarians last week. Among those taking part were Nancy Lindberg of La Mesa; Don Sleet, 4321 Cartagena Drive; Jim Gerard, 4002 Marian Street; Monte Dickinson, 7526 Nachison, and Ron Svalstad, 7536 San Miguel. Handing the gavel to Gerard is Mr. Zung, club president. They presented Douglas Kerr, former Michigan State All American and coach as speaker.

The local Rotary Club both gained and suffered last week when they climaxed their year project, Junior Rotary, with an all J. R. corps of officers. They gained in the quality of the program but senior members suffered a severe case of "finitis" and paid heavily to the Rotary piggy-bank which was in reality a full sized washbowl.

Fines of \$5 were common. Helix's Mel Grant paid for "advertising"; Dr. Sorterberg paid for a yellow tie and cuff link ensemble; President Zung paid for a hassle he was having with member Andy Anderson over quality of food, and Harry Griffen was socked for wearing a "gold" Rotary badge while the "peons" had to be content with silver-blue ones.

Each month an outstanding Helix student has been a guest at Rotary. Last week all these guests were re-invited and they took over the officers' chairs and the program.

Jim Gerard, Helix honor student, presided and handled the job like a veteran. Monte Dickinson was program chairman and presented footballer great Douglas Kerr, former Michigan State star and coach. Kerr is presently Helix Driver Ed. teacher. Dickinson was awarded a Rotary scholarship worth \$75. This was the first such local Rotary award.

A musical program was given by Don Sleet, trumpeter. Miss Lindberg was accompanist. Kerr said that football would come out of its present difficulty. He pointed out that the game was jeopardized during Teddy Roosevelt's regime when congress wanted to outlaw it because "too many players were being killed."

The emotional outlet afforded by the game is so important that this in itself will revitalize interest in the game even if the charges of professionalism injure it, Kerr explained.

Arthur Glickman, Grove businessman, was overall program chairman.

Officers Installed By Austin Guild

The Austin Guild's new slate of officers was installed recently by Mrs. Albert F. Nottoli. Mrs. Daniel K. Kerr of Pacific Beach, outgoing president, has completed a term of two years.

The new officers are Mrs. Anthony P. Iagmin, president; Mrs. Frances Bennett, vice president; Mrs. Paul E. Loughlin, recording secretary; Mrs. Robert A. Cihak, treasurer; Mrs. Orus Mott, corresponding secretary; Mrs. Albert F. Merino, financial secretary; Rev. Donald L. Williams, O.S.A., continues as club moderator.

Three Postal Employees Complete College Program on Supervisory Techniques

Frenchy R. Faucher, postmaster; Martin E. Kennelly, assistant postmaster; and E. E. Woolsey, superintendent of mails, all of the Lemon Grove Post Office, have satisfactorily completed a course in supervisory techniques at the San Diego Junior College and Vocational School in conjunction with the San Diego District Operations Office of the Post Office Department. The course was the first of a series

offered to post office personnel that will eventually lead to an Associate Arts Degree in Post Office Operations.

Jay M. Hopper, superintendent of training and Miss Kaye Ryan, training assistant of the San Diego Post office, served as instructors for this course. Both Hopper and Miss Ryan hold credentials issued by the California State Board of Education. Thirty-eight supervisors from 12 post offices in San Diego County completed the course.

Posey B. Quesinberry, district operations manager, presented certificates issued by the post office department to each of the members of the group at a special program held at the San Diego Junior College in May.

Public Hearings In Washington On Benefits Act

Public hearings on the Servicemen's and Veterans' Survivor Benefits Act began this week in Washington, D. C., according to Senator Harry F. Byrd, chairman of the Senate Finance Committee.

This bill proposes a more adequate and equitable death compensation program for dependent survivors of military personnel. If the measure is signed into law as passed by the House of Representatives last July unremarried widows of servicemen receiving \$69.60 or \$87 a month will be eligible for an increase in death compensation. The proposed new rates for service connected deaths during peace and war are \$112 a month plus 12% of the present basic pay for the rate or rank held by the serviceman at the time of death.

that the zoning department hasn't even been in on the development yet.

"After all of these parts are put together property owners on Broadway will decide what part of it, if any, they want, or what adjustments should be made. A precise plan will be made up, exact costs will be obtained by bids and negotiation and if the project and cost seem right to the most property owners, we could then proceed."

Griffen used their generous offer as an example of how costs

could be brought down "after we know exactly what we want to do."

Griffen said that cost should be secondary. "Even with Ammon's figures the cost will average only 46 1/2¢ per front foot per month," he stated, "and chances are it will be considerably less when the final plan is adopted."

"It is the soundest expenditure Broadway property owners can make to secure their investment," he said.

Griffen said that a meeting of the Broadway Improvement Association would be called within the next two weeks for the purpose of reporting developments to date.

At the meeting, Charles Serr, Men's Club chairman for changing the name of Imperial Avenue from Sweetwater east to Broadway, said that a civic center hearing would soon be announced. He said that only one objector had been unearthed so far.
